

Triosim Announces Hiring Technical Sales Engineer

Effective November 16, 2020 Phil Stowbridge will be joining our sales team as Technical Sales Engineer managing our Alabama region. Phil brings over 20 years of technical selling experience in the highly technical pulp and paper industry. He has held positions in Customer Service, Quality Control and most recently Technical Sales with Xerium and Paperchine, both Andritz companies. He is a proven leader in managing complex products and services while growing his sales every year. We are excited to have Phil join our team leveraging his knowledge, skills, and long-standing relationships with customers in the pulp and paper industry.
